**D. O. F. No. 296 /236/2014 – CX.9 (Pt.II)**

**New Delhi, the 3<sup>rd</sup> August, 2015**

Dear Chief Commissioner/Director General

**Subject – Launching of web-based utility for uploading of MPRs - reg**

Reference is invited to the DO of even number dated 14<sup>th</sup> July, 2015 of the undersigned regarding launching of the web-based utility developed by the CBEC for uploading of MPRs by the field formations w.e.f. 15<sup>th</sup> July, 2015.

2. I had requested all the Zonal CCs and the concerned Directorates that the MPRs **upto the month of June, 2015** should be uploaded and validated using the said web-based utility **by 31<sup>st</sup> July, 2015**.

3. I have reviewed the progress of uploading and validation of MPRs, and I feel very satisfied that till this morning about 55% of the MPRs have been validated by the Zonal CCs. As in the case of any new endeavor, there were several teething problems in the web-based utility, and during the last fortnight, about two thousand emails were received from the field formations all across the country pointing out various problems in uploading and validation of MPRs. However, I am also informed that majority of the problems were minor in nature and were quickly resolved by the team of officers led by the Joint Commissioner, DDM who worked tirelessly to attend and resolve them. The fact that several Zones have been able to successfully upload and validate all the MPRs upto June, 2015 goes on to prove that there are no major problems in so far as the design of the web-based utility is concerned, though there is always the scope of further improvement.

4. I have also been informed that the field formations have wholeheartedly appreciated the initiative taken by the CBEC and have taken keen and active interests in using the web-based utility to upload the MPRs. Several field formations, besides pointing out the problems faced by them, have also made useful suggestions to further improve the utility. These suggestions are being examined and would be implemented if found desirable.

5. But at the same time, I have also noted that some of the Zonal CCs and the Commissionerates have not exhibited adequate interest to upload the MPRs using the web-based utility, and have not yet uploaded/validated all the MPRs pertaining to them. It may be appreciated that the Management Information System being developed for CBEC would be useful only when all the MPRs pertaining to all the Zones, without any exception, are necessarily uploaded and validated in a time bound manner. In fact, the system so designed does not allow uploading of the MPR of next month unless and until the MPR of the previous month has been validated. Hence, delay in uploading of the MPR is only going to add to the pendency. I am closely monitoring the status of uploading and validation of MPRs by the field formations and earnestly request all such Zonal CCs and the Commissionerates to act proactively to ensure that **all the remaining MPRs upto June, 2015 are uploaded and validated by 14<sup>th</sup> August, 2015 positively**. It is needless to reiterate that all the field formations are required to upload and
